

mySmartSimulations® , Inc., Announces Partnership with Strategic Response Initiatives

Saratoga Springs, NY - February 4, 2008- mySmartSim, a pioneer since 2001 in providing companies with custom interactive simulation and chapter-based courses, announced today their partnership with Strategic Response Initiatives (SRI). This partnership will enable the development of custom online interactive training in the military and government sectors. Robert Domenici of SRI has been appointed Chief Military Advisor and will work closely with mySmartSim as a subject matter expert for their government and military training offerings. He is a recent graduate of the US Army College and former commander of the 2nd WMD (Anti-terrorism) Civil Support Team and a recipient of the Legion of Merit with extensive experience in disaster preparedness and emergency operations. He has written and assisted in the development of over 160 threat and vulnerability studies for various government and state agencies.

“mySmartSimulations has targeted 2008 to start addressing the government and military sectors. Our partnership with SRI will help us better understand the needs of these segments. We believe with SRI’s experience, mySmartSimulations, Inc. will increase our presence in these sectors,” said William Cornelius, President and CEO, mySmartSimulations, Inc.

“In all my years of training I have not seen a company better equipped to deliver affordable interactive simulation-based training,” said Robert Domenici of SRI, and newly appointed Chief Military Advisor at mySmartSimulations, Inc.

About mySmartSimulations® , Inc.

mySmartSim has developed an application, Worldwide Interactive Learning Designer (WILD), for creating custom interactive simulation and chapter-based courses. This authoring tool allows them to develop truly interactive learning experiences resulting in reduced liability and training costs, as well as increased retention and productivity. mySmartSim currently uses WILD to design high quality, intuitive dynamic courses and presentations for some of the largest companies in the world. WILD has allowed mySmartSim to reduce the overall cost and development time of producing highly interactive custom training. mySmartSim is now offering this application to developers and customers worldwide to do the same.
