

## **Partner to Provide Expert Consulting in Manufacturing Training**

Saratoga Springs, NY - November 12, 2007- mySmartSimulations®, Inc., a full service interactive training solution company, is pleased to announce their partnership with J.H. Bill Walton, a World Leader in Industrial Skills Training, serving over 6000 organizations. Mr. Walton brings over 30 years of experience in building successful distribution channels within the manufacturing industry. As a media producer, he pioneered instructional design as the most important learning factor in courseware. He has written many articles and spoken throughout the country emphasizing how critically important interactive multimedia is to learning in the modern world.

“We are very excited about adding Mr. Walton to our team. With his vast experience in manufacturing training, he will help us focus our solutions towards this segment,” said William Cornelius, President and CEO, mySmartSimulations, Inc.

“In all my years of training, no one has developed a tool like WILD. I am very excited to be part of the mySmartSimulations, Inc. team,” said Bill Walton.

### **About mySmartSimulations®, Inc.**

mySmartSim has developed an application, Worldwide Interactive Learning Designer (WILD), for creating custom interactive simulation and chapter-based courses. This authoring tool allows them to develop truly interactive learning experiences resulting in reduced liability and training costs, as well as increased retention and productivity. mySmartSim currently uses WILD to design high quality, intuitive dynamic courses and presentations for some of the largest companies in the world. WILD has allowed mySmartSim to reduce the overall cost and development time of producing highly interactive custom training. mySmartSim is now offering this application to developers and customers worldwide to do the same.
